Capturing that special day!
Photographer Kid Chan on the craft of taking wedding pictures

Chan loves weddings, no Kid-ding

International business graduate Kid Chan never meant to take up photography, let alone wedding photography, with MARYK KAM

Junior Robotics Workshop
Learn all about Levers, Wheels & Axles and the very different types of simple machines. These skills will give you some baller know-how and turn the challenge, Cere and explore think and interact at our Junior Robotics Workshop.

COVER

DATE: 9 June 2008 (Thursday)
AGE: 13-16 yrs old
